See our product information sheets.

Diamond Shelters used for storage

All rafters are 2 3/8" x 12 gauge, hollow structural round tube. Our rafters and purlins have easy to assemble slip together joints. No abrasive spots. **No taping joints.**

15' to 18' Single Hoop **Diamond Shelters** come with our top quality North American made polyethylene cover. This cover has D-rings spaced every 18". All D-rings have double reinforced gussets.

6.3 oz. covers are standard. 12.5 oz covers are available in the following colours: silver/white, blue/white, white/white, green/white, red/white, tan/white and translucent.
