

Model 800 Single Screw Vertical Mixers

Partners in Progress since 1948

Introducing the newest addition to the Patz Vertical Mixer Family!

Simple Design, Thorough Mixing, Fast & Complete Clean-Out!

- Simple unibody mixer & trailer design few moving parts for long life, low maintenance and trouble-free operation.
- Handles round or square bales, wet or dry.
- Thorough, consistent ration, regardless of batch size!
- Fast mixing.
- Fast discharge wth complete clean-out!
- Reliable, accurate 3-point scale system.
- Manufactured by Patz Sales, Inc., Pound, WI USA - meeting the needs of the dairy farmer since 1948!

Simple in Design for Years

Standard features of the Patz Mod

- Unibody mixer & trailer construction design for long-life, low maintenance and trouble-free operation.
- 2 Jackstand 5,000 lb. capacity, swivel mount.
- 3 3-point electronic scale system uses spindles and hitch bar for accurate, reliable weighing of ingredients and total mixed ration.
- Discharge for right or left side.
 Select Discharge Deflector
 Shield Package and Optional
 Discharge Chute with or
 without Magnet or Conveyor
 Discharge Pkg. with
 Collapsible Steel Sides which
 can be hydraulically or manually
 operated. 36" wide chain
 conveyor provides quick, reliable feed removal.

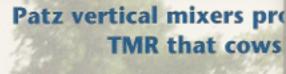

5 Only one oil reservoir is needed to view oil level in the entire planetary unit.

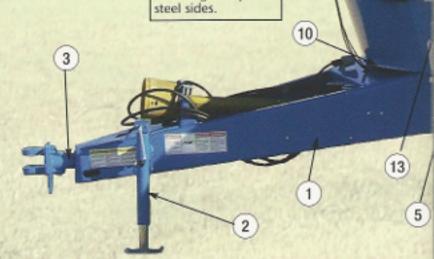

6 Top ring/bucket guard is reinforced with 1/4" (6.4 mm) thick steel to provide extra strength and protect from damage while loading! Laser cut holes to accept optional hay retainer or rubber side extensions.

- Sidewalls are constructed of 3/16" (5 mm) steel, overlapped at seams for strength.
- 8 Model 270 Low Profile is only 94" high (2.39 m) for ease of loading with skid steer.
- Welded steel screw with 1/2" (12.7 mm) thick flighting. Laser cut holes to accept knives. Design includes double discharge shoes to increase output, mix efficiently and improve discharge flow of ration.

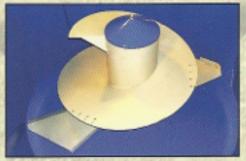

Unit shown with

discharge conveyor featuring collapsible

Uniquely designed steel screw provides quick thorough mixing and even discharge of ration.

of Dependable Service Life!

l 800 Single Screw Vertical Mixer.

vide a true, consistent can't sort out!

- 10) 1/2" (12.7 mm) floor plate provides the solid structure that the mixer is built on. A 3/4" (19 mm) sub floor plate is welded to the bottom of the floor plate, providing a 1-1/4" (32 mm) base for mounting the planetary.
 - Industry leading 5-year prorated planetary gearbox warranty.
 - 12 Two tubeless tires provide smooth transport over rough terrain.
 - Restrictors are located on front left and right rear of tub. Adjust in or out as desired or use high or low pivot to control the flow of forages inside. Longer forages can be processed faster

by setting restrictors farther in.

14) Transport lights with 7-pin connector included on all Patz Model 800 Vertical Mixers. (Not shown.)
